

## ERA/Stirling Properties Spreads Cheer

**E**RA/Stirling Properties along with employees from Home Bank volunteered at the Outreach Center as more than 300 needy children and their parents enjoyed a Christmas celebration and stood in line to get their hands on donated holiday goodies.

The children took advantage of the opportunity to take pictures with Santa Claus. Christmas tunes sung by a choir from Carencro Heights Elementary School also had them bobbing their heads as they stopped at various stations within the center to decorate ornaments, get their faces painted and munch on hamburgers. This event has been hosted by ERA/Stirling Properties for the past four years, which gives less fortunate children and their parents the opportunity to partake in the joyous holiday.
