New Target opens in north Lafayette this Sunday, March 9

Bob Moser

bmoser@theadvertiser.com

The Target department store that anchors the new Stirling Shopping Center being built on Louisiana Avenue at Interstate 10 will open to the public this Sunday. A "soft opening" for Target employees was held Tuesday night.

Construction continues on the other retail stores in the shopping center by The Lemoine Company, and all should open by late summer.

Pick up Friday's issue of The Daily Advertiser for a full story on Target's impact for north Lafayette shoppers, and those from neighboring towns.
