# Ducote receives national green designation

## *Staff report*

BATON ROUGE – Local ERA Stirling Properties sales associate Anita Ducote completed the National Association of REALTORS® GREEN designation.

This designation, sponsored by the Louisiana Board of Realtors, was an 18-hour course which covered the definition of Green professionalism, excellence and leadership while addressing the concerns of consumers that are seeking Green expertise.

According to the Green Resource Council, nearly two-thirds of today's consumers are paying attention to green homes and buildings; they recognize the link between green properties, cost savings, and healthy living.

"By taking the course, I now have a better

understanding of what it means to 'go green'" said Ducote. "I look forward to helping address my clients concerns and to be able to positively impact my community."

Having this knowledge is an extremely valuable tool that is essential in today's marketplace. The designation helps consumers, who care about energy efficiency and sustainable building practices, identify Realtors who can help them realize their Green real estate and lifestyle goal.

To contact Ducote, call 225-329-2237. The office is located at 16270 Airline Hwy. Suite C in Prairieville.
