Stirling Properties adds new sales associates

ERA Stirling Properties' sales associates are results-oriented professionals who are highly trained and aware of the latest market trends. Two new sales associates, Greg Peace and Alice McNeely have joined the ERA Stirling Properties

Mandeville team.

Greg Peace, formally with Peace Realty, is an associate broker with 10 years experience in the real estate sales profession. Along with real estate sales, Peace also has more than 15 years experience in the

construction business as a home builder for Colonnade Homes.

Alice McNeely joins ERA Stirling Properties after having worked with Prudential Gardner. A realtor since 2007, McNeely is a member of the Northshore

Area Board of Realtors and the St. Tammany West Chamber of Commerce. She actively participates in Habitat for Humanity's annual Women Build Project and exhibits paintings in several galleries.

"These new sales associ-

ates bring strength and diversity to our cross-section of agents," said Cheryl McAdam, ERA Stirling Properties' managing broker for the Mandeville Office. "Homebuyers and sellers in St. Tammany will benefit from the knowl-

edge, services and proactive approach our team provides."

The Mandeville office is located at 1321 W. Causeway Approach in Mandeville.
